

ten car loads. The specialty is Indiana block, nut and slack coal, superior in quality for steam and domestic purposes. The company has a large retail trade in this city in anthracite and bituminous coal of all kinds. The officers of the company are: John Andrew, president, and Robert Andrew, secretary. Both are well-known and honored in trade circles and are eminently worthy of the enviable reputation they have so meritoriously attained.

**NEW METHOD LAUNDRY.**—Neatness of attire is a commendable virtue in the make-up of outward man. He of the clean linen is usually a man of refinement and a worthy citizen. Terre Haute is noted for the genteel appearance of its people. Even in the most sultry weather, clean shirts, collars and cuffs predominate. Perhaps one reason of this is that we have here one of the best laundries in the country. The New Method Laundry, at 725 Wabash Avenue, is justly celebrated for the character of work it turns out. This laundry was established by C. E. Garen in 1892. In 1895 Mr. A. Rutledge became proprietor, and under his management and direction the New Method has become one of the very best laundries in the State. The building occupied is a one-story brick, 22 x 70, with boiler room in rear. All the latest machinery and appliances for laundry work are used, and great care is taken with all work entrusted to this laundry. Laundry work of all kinds is done with neatness and dispatch. Bundle work is especially well cared for. The capacity of the New Method is 1,800 shirts per week. Mr. A. Rutledge is a young man, a native of Illinois. He is one of the enterprising sort, and is a business man who is a credit to Terre Haute.

**BAUR'S PHARMACY.**—The attractiveness of a drug store was never better exemplified than in the establishment of Mr. Jacob Baur, which is centrally located at 701 and 703 Wabash Avenue. This business has been in the most successful operation since 1869 and is one of the oldest in the city. The present proprietor, who is a manufacturing chemist of high repute, has conducted the business since its inception. Mr. Baur is a native Indianian, and was graduated from the Philadelphia College of Pharmacy, one of the oldest and most thorough schools in the country. He makes a specialty of physicians' prescriptions, and they are compounded with the greatest care and accuracy, and for which purposes he has a finely equipped laboratory. The building occupied is a handsome three-story brick, 50 x 120 feet, and the store is beautifully furnished, and the most attractive in Western Indiana. It is fitted with large plate glass front, handsome show cases, wall cabinets and

hardwood fixtures, and the large stock is arranged to the very best advantage. A large stock and complete assortment of fresh drugs and chemicals is carried, also a fine line of physicians' and surgeons' supplies, proprietary remedies of standard reputation, tinctures, essences, sick-room requisites, toilet articles, perfumes and all kinds of druggists' fancy goods. "Baur's Pharmacy" is a household word in this city. As a manufacturing chemist Mr. Baur has a high reputation throughout the country, and is the manufacturer of Baur's Lettuce Lotion for the toilet. This is one of the most harmless preparations for the face and hands, and is a noted beautifier, and used largely by the very best society people, who appreciate a pure and beneficial lotion for toilet use. It is put up in handsome form, and has a large sale. Baur's Iron, Wine and Peruvian Bark is a tonic that is well known as a standard revivifier for tired and overworked nature, and one of the best blood remedies on the market. The sales of these two products of Mr. Baur's skill are very large and the demand constantly increasing. That Mr. Baur is an accomplished and skilled pharmacist is well known. He is a member of the State Pharmaceutical Association, and also a member of the American Pharmaceutical Association, and as well enjoys the high esteem of every citizen.

**STANDARD RANGE AND STOVE COMPANY.**—A prominent and progressive house engaged in the manufacture of steel ranges is that of the Standard Range and Stove Company, of this city. The business was established many years ago at Evansville, Ind., and was removed to this city in 1895. The present company was incorporated in the same year with the following officers: H. P. Townley, president; W. R. Kennedy, vice-president; L. S. Fenner, secretary, and W. E. Donaghoe, treasurer. Mr. Townley was the pioneer of this great manufacturing concern and laid the foundation for its future prosperity. The company was incorporated with a capital stock of \$25,000, paid up. The plant occupied is a valuable and extensive one, occupying two immense buildings at 601-619 North Sixth Street. The foundry is a three-story brick, 50 x 50 feet. The first floor is used for mounting, cutting out bodies and for office and warerooms. The second is for building bodies, nickel-plating and piece work, and the third floor is the designing and pattern department, and also for repair work. The foundry is a one-story brick building, 50 x 90 feet in area. All are equipped with the latest machinery and all modern improvements. The company gives employment to a large force of skilled hands, and its output is very large, while the demand for all goods manufactured is increasing with great rapidity. The works have steam engines and nickel-
