

HARRY DOWELL

In spite of many handicaps, Coach Dowell has succeeded in putting H. C. H. S. on the map with other local basketball teams. Our team, which had its beginning on the mud of the Maryland School ground, this year played its second game in the tournament at the Wiley gymnasium. Many coaches would have been disheartened by lack of funds and a gym, but H. F. Dowell isn't the kind who can be defeated by such "small" drawbacks. We are wondering what he can do with the H. C. H. S. team in the new gymnasium!

GEORGE KLATTE

Coach Klatte never looks so happy as when he has a baseball in his hand. Defeat never spoils his smile or his pep. He has spent his time and money profusely. The team knows that Mr. Klatte believes in good sportsmanship, and his services are recognized by the school.

Mr. Klatte was coach for the team one year at the Maryland School, and this is his second year in this position here. Words of thanks do not mean much, but let us lend our time and interest and thus show him our loyalty.

I dare do all that may become a man.
