

Tests were an integral part of school time.

## TIME FOR PEOPLE

"If can look into the seeds of time,  
And say which grain will grow and  
which will not."

Shakespeare

MR. VANE R. RUTHERFORD, Principal

Mr. Rutherford and the 1954 class both entered new ways of life in the Fall of 1951. Mr. Rutherford became principal as the graduating seniors entered Wiley as sophomores. During the past three years he has coordinated the academic programs, the extra curricular activities and the athletics to maintain Wiley's high standing in inter-high school competition.

Mr. Rutherford received his high school education at Victoria High School, Edmonton, Alberta, Canada. He attended Indiana University, Indiana State, Columbia University, and the University of Wisconsin and he has received his A.B. and A.M.

During his twenty-seven years of service at Wiley, Mr. Rutherford has taught physics, chemistry, math, history, health and physical education. In addition, he has coached football, basketball and track. He was also athletic director and dean of boys before he became principal.

Principal Rutherford's interest in Wiley students does not cease at 3:34 p.m. He is often found joining Wileyites in extra-curricular activities.

Miss Landrum, assistant principal, quickly acquaints herself with sophomore and junior boys in her capacity as their counselor. She assists them in choosing programs and developing proper skills and study habits. Miss Landrum is also head of the history department. As such she represents Wiley at numerous social studies conferences throughout the Mid-west. Miss Landrum also assists the seniors in their applications for college and receives reports of scholarships.

MISS JEANNETTE LANDRUM, Assistant Principal

"Human beings are the product of heredity and environment."

**Mrs. Margaret Jane Adamson**

graduate of Brazil High School . . . .  
attended Lindenwood College, Indiana  
University and Indiana State Teachers  
College . . . . degrees are A.B. and  
A.M. . . . . teaches English . . . .  
sponsors Wileyan and Red Streak.
