FOOTBALL

The 1953 football season was one of the most successful in recent years. Under the adept coaching of Mr. Dick Martin the squad won all of its games. In so doing they captured the coveted City, the Western Indiana Conference and the Wabash Valley crowns. Along with the City crown came the bronze turkey and the victory bell to repose once more in the hallowed halls of Wiley for years to come. One of team's outstanding players, Jim Sutch, was awarded an All-State position.

Wiley opponents failed to score upon them in the Western Indiana Conference. The total opponents scored only 42 points while Wiley scored 306 points throughout the season. In the final Indiana coaches' poll this great squad was ranked fifth in the state and will no doubt go down as one of the all-time great Wiley teams.
