

## FAMOUS SCIENTIFIC DISCOVERY

### REV. RENO WEDS LOCAL DANCER

#### Terre Haute Shocked

Terre Haute was shocked when it learned of the wedding last Monday evening of Rev. George Reno and Miss Zoe Kibler, famous fancy dancer.

The rites were performed in the Thirteenth Ultra-Modern Church by Rev. O. C. Connelly, the famous "Marrying Squire." The single ring ceremony was used. The church was decorated with purple and white in memory of the days at dear old G. H. S. The bride wore a white satin dress trimmed in carborundum. The dress was designed by Royce Conn, the designer from Paris, who was also a graduate of '25.

Anna Louise Tribble attended the bride and Lawrence Baxter was the best man.

Rev. Reno stated that there would be a dance after prayer meeting each week. He believes that a larger crowd would attend prayer meeting if he did this.

### FAMOUS STAR INJURED

Hollywood, Cal.—At the Detrick-Kendall Studio yesterday, Miss Margaret Summit, better known as "Tootz", was painfully injured during the filming of the balcony scene in "Romeo and Juliet." As she leaned over the trellis to bid farewell to Romeo, played by Lester Kniptasch it gave way, and Miss Summit was hurled bodily to the floor among a group of stage properties, fracturing a few ribs and teeth.

It is reported that Miss Summit is suing the company and Emil Krockenberger, Movie Contractor, for a \$40,012.02 damage. She has retained Everett Shaw as her attorney.

Dr. Frank Eddy says that Miss Summit will recover in a few days.

Miss Summit's most intimate friends, Misses Vivian Eldred and Virginia Riley, were permitted to see her at the Hollywood Hospital last night. They said that she could eat only a pound of the cherry cocktails that they had taken her. Miss Eldred said she hated to leave for Washington since the poor child was so sick, but she felt she would be better when they brought out Pretari's Jazzers.

### ALICE HUDSON AND RICHARD WIMER PARTNERS

#### Gasoline Replaced By Alcohol

Alice Hudson and Richard Wimer announce to the world their plan of substituting alcohol for gasoline to run vehicles. They are reasonably sure it will prove to be of great value to the public. Anticipating the shortage of gasoline which they believe to be in the near future they together have devised a scheme to supplant this.

Alice Hudson is the head of the well known school for Chemists. She is a graduate of the highly esteemed Garfield High School. Richard Wimer is also a graduate from the same school.

One day Miss Hudson told Mr. Wood, the chemistry teacher at Garfield, that alcohol boiled on ice. Mr. Wood explained the impossibility but Miss Hudson still insisted she was right. She was laughed at, even Mr. Wimer thought her foolish. Several of her old classmates have part in the invention. Among them Forrest Fuqua, Horace Veit, Burton Gibbons, and Maxwell Norris.

Miss Hudson refuses to state the formula as she wants all rights reserved for their company's productions. Mr. Wimer has invented a Maxwell which is suitable to use alcohol and be run at the North Pole. This will be of great help to the Eskimos as they can substitute for their dogs the Maxwell and thus save time and money for the alcohol will be very cheap. Thus this will completely revolutionize the industries of the North Pole.

### WOMEN'S VOTING CONVENTION

Miss Francis Bierbrauer was the principal speaker of the Women's Voting League Convention held in Indianapolis last week. The theme of her talk was "Why Every Woman Should Vote." She brought out many good arguments. She said every woman should vote even if she killed her husband's vote, which she probably would do. She was again selected as chairman of the program committee with her assistants, Margaret Lawson, Anna Goldhart, Perna Frazier, Mary Culbertson, and Thelma Harkness.

**THE WINDJAMMER**

Contains Plenty of hot air.  
Published by the Cyclone Publishing Co.  
Supposed Editor, Margaret Mayrose.  
Assistant Editor, Anna Louise Tribble.  
Entered as 1925 Class matter in the  
Hicksville Postoffice.

Motto: To blow up Garfield.

Circulation 360 degrees (goes all the  
way around).

Prices: Per copy 1 puff; per week 1  
zephyr; per year 1 cyclone.

**EDITORIAL**

The Windjammer feels that it is its duty  
to make a big blow over everything. We,  
the editors of this paper, have an abiding  
faith in the product of our labor; we be-  
lieve it expresses the sentiment that per-  
vades the entire community.

**DOINGS IN WASHINGTON, D. C.**

Due to the illness of President Max A.  
Allen, he has just submitted his cabinet of-  
ficers to the Senate for ratification. It is  
doubtful whether they will be accepted.

Secretary of State—Norma Thomas.  
Secretary of Treasury—Martha Church  
Secretary of Agriculture—Fred An-  
drews.

Secretary of Interior—Ruby Drake.  
Secretary of Labor—Ernest Harden.  
Attorney General—Vivian Eldred.  
Postmaster General—Helen Fisher.  
Secretary of Navy—Eldena Stafford.

Washington, D. C.—'Tis said that our  
most esteemed and honored songster, Ed-  
ward Patrick Kerr, has sailed for Spain  
as ambassador to that country. Ever since  
his grade school days he has shown re-  
markable ability for the study of Spanish.  
The Americans may rest assured he will  
make an ambassador that we shall be  
proud of.

**WEATHER**

Forecaster: George Sun Beam.  
Many puffs expected, but few zephyrs  
or cyclones.

Cold feet for this year's Benedictus Edi-  
tor.

**HOLLYWOOD NOTES**

Mr. Orville Evans, star in "Why Don't  
the Curtain Fall?" has just accepted a ten  
million dollar contract under the manage-

ment of Mr. George Kisner. It seems that  
old schoolmates manage to keep together,  
as Miss Heinig, Mrs. Tom Jacobs, former-  
ly Miss Audrey Houston, and Miss Magda-  
len Coopridner are also in this company.

Miss Margaret Hawkins, "Mystery  
Girl," will start her latest picture, "The  
Mystery Dress," as soon as the mysterious  
gown appears at the studio.

**FITZSIMMONS SIGNS CONTRACT**

William Fitzsimmons, former Garfield  
star, signed a contract today with the  
Giants' Baseball team as their catcher.  
He is to receive \$200,000 provided the  
Giants win the pennant.
