## *Freshman Class*

Garfield Freshmen—Behind this term are one hundred and forty-six industrious and ambitious students. An evidence of their industry is their nine per cent representation on the honor roll. Their ambition is to make the best senior class in the history of Garfield.

Many of their high school experiences are such as they had anticipated, but they are at a loss to understand the peculiar manifestations of interest on the part of sophomores, juniors, and even seniors. While cheerfully accepting what comes, these freshmen have been heard to say, "When we are sophomores and juniors, we won't victimize the freshmen."
