

## *Letter Men '24-'25*

According to the new ruling made by the Athletic Association of Terre Haute, all men making their first letter in a major sport receive a letter sweater and another in their senior year. This year everyone making a letter receives a sweater in order to start the rule out.

The Garfield sweaters are grey slip-overs trimmed in purple. Seniors get service stripes, and captains of the teams get stars which are placed above the stripes on the left arm. In football fourteen letters were given out in '24, and in the '24-'25 basketball season, seven were given out. The fourteen football players were the only whole group to receive sweaters because some of the men made basketball letters and only received a letter because they already had a sweater. For this same reason few baseball and track men received sweaters.
